Details about the Harvesting Smiles donation program:

In most elevators, you may make arrangements before or after you haul the grain to the elevator, as long as you have not yet sold the grain you intend to donate. The Camp will sell the grain soon after delivery to the elevator and have a conversation with the elevator. The Camp may need to establish an account with the elevator in order to sell the grain. The Camp will mail the farmer a tax donation receipt notating the amount of grain that was donated.

Your gift will help children and adults with disabilities attend day, weekend, or week-long sessions at Camp High Hopes in Sioux City. Campers are known to smile a lot when they are at Camp because they have so much fun participating in activities that have been adapted for them and are treated so well by the caring staff. Know that your gift helps to create those smiles. Thank you for harvesting smiles.

For questions, please contact Camp High Hopes at 712-224-2267 ext 107.
