### Camp Session Information

**Providing fun, safe, and adaptive recreational experiences to children, teens, and adults with disabilities.**

Camp High Hopes offers camp sessions focused on providing a fun, safe, adaptive recreational environment for people with disabilities, their friends, and families. We refer to our camp session as “respite” since they offer campers a break from their daily routine, while allowing caregivers an opportunity to rest and relax, knowing their loved ones are being cared for in a safe environment. To best accommodate the needs of our campers, sessions may be geared towards specific camper care levels.

**Sleep-Away:** Sleep-away camps are from Sunday 2 pm to Friday 2 pm during the summer. Each session offers a variety of fun, adapted activities geared towards the needs of the campers. Our usual support ratio is 1:3 unless otherwise arranged with the camp or during our “Care Centric” 1:1 session and is 1 day shorter.

**Day Camp:** A weekday session offered Monday-Friday 8:30 am – 4:30 pm during occasional school breaks and throughout the summer for campers with various disabilities. Base support ratio of 1:3. One-to-one arranged as available with the Camp Director.

**Saturday Camp:** Offered during our Spring and Fall sessions, these single day camps offer a great introduction to camp activities and opportunities. Sessions are from 9 am to 5 pm with lunch included. Support ratio of 1:3 campers to staff.

**Weekends (All):** Weekends run from Friday 7 pm to Sunday 2 pm for both youth and adults. These sessions offer a 1:3 base support ratio, a wide variety of adapted seasonal activities and fun for campers of all ages.

**Independent Campers:** Designed for individuals who are independent or need minimal reminders and redirections. Our staffing ratio of 1:5 during these sessions allows campers increased opportunities to be independent and engage in a variety of camp activities.

**Camper Assist:** These sessions are geared towards individuals who require more prompts and reminders when completing tasks. Our counselor to camper ratio of 1:3 allows for guidance in meeting behavioral and care support needs.

**Care Centric (One to One) Sessions:** These sessions are geared towards campers who need smaller group sizes and more support to be successful, “Just for the Camper” sessions are set at a 1:1 counselor to camper ratio with additional counselors available to provide additional support when needed.

**Friends & Siblings:** Camp High Hopes encourages campers to invite their friends and siblings (under the age of 18) without disabilities to any session they are attending. Not only will friends and siblings get time to bond at camp, but caregivers can also rest easy knowing they are in a fun, supportive environment.

**Travel Sessions:** For the more experienced and adventurous campers to get a weekend, week, or more away from home and explore all the wonders of our world. (Campers must be able to ride in a 15-passenger van for an extended period and need minimal care support unless session is otherwise designated. Staffing ratio is 1:4 campers may sleep in unattended rooms.)

**Session and Activity Summary:** Seasonal activities include archery, crafts, indoor/outdoor sports & games, campouts, campfires, fishing, swimming, sledding, and canoeing. Activities are adapted to the abilities of the participant and focus on full-activity participation to promote the building of self-esteem and maintain a therapeutic impact. Campers are given the opportunity to set goals with their counselors and are encouraged to challenge themselves and their perceived limitations in a safe, challenge-by-choice environment. All programs are designed to be adapted to the abilities of the participants to provide the most impactful experience possible.

### Frequently Asked Registration Questions

#### **I am on an Iowa Respite Waiver, how will my transition to a Managed Care Organization (MCO) impact using my waiver?**

Campers will see no change to services provided by Camp High Hopes with the transition to Managed Care Organizations (MCO). While our camp fees have remained the same, you may notice that the transition caused a change in our rates based on your waiver program and what type of session you are enrolling in, which may reduce how much of the camp fee is paid for through your waiver program. To ensure a smooth transition for all our campers, Camp High Hopes will grant a campership for any difference between amount reimbursed for the total session units and the camp fee. For example: an individual on the ID waiver attending a Summer Sleep Away session should receive a waiver payment of \$584.20 and a campership of \$13.80 to cover the remaining balance.

#### **What Managed Care Organization (MCO) should I choose so my camp sessions will continue to be covered?**

Camp High Hopes is contracting with the 2 Managed Care Organizations (MCO) to whom the state has awarded management Medicaid waivers; Amerigroup Iowa and Iowa Total Care to ensure any camper can attend a camp session.

#### **When do I register?**

Register early; do not wait until the last minute. If you do, you may miss out on the spot you wanted or not have enough time to complete the needed paperwork, including a Health History form that must be signed by a licensed medical professional, such as your primary care physician.

#### **How do I register?**

There are two ways to register for any session at Camp High Hopes, online at [www.camphighhopes.com](http://www.camphighhopes.com) or via phone at 712-224-2267. A deposit of \$50 is due at the time of registration. You may request a Registration Packet be mailed or emailed to you to complete. These forms allow us to gather basic information about the individual enrolling in a session, such as age, gender, general care needs, and extra assistance so we can determine if you qualify for a session. Once completed, you can submit your registration packet to the Camp Office via fax, email, or mail.

#### **Where is the session information? How do I know a session is for me?**

Session information is located on the Camp website [www.camphighhopes.com](http://www.camphighhopes.com). Simply click on *Camp Sessions and Registration* and the *Session Schedule* to see the sessions offered. Review the information provided for each session to determine the best age and group that fits your needs.

#### **How do I pay?**

You can pay by check, credit card, respite waiver, or by applying for a campership. Just indicate how you will be paying the session tuition as you complete your online or telephone registration. Deposit is due at time of registration; payments for the balance due are as follows: Spring sessions due February 1<sup>st</sup>, Summer sessions due June 1<sup>st</sup>, and Fall sessions due September 1<sup>st</sup>. Campers using their waiver funds must contact their caseworkers to add the session to their plan and have a 'Notice of Decision' sent to our office. All campers must pay a \$50 per session deposit to enroll in a session. For full details on our payment policies, please review our payment policy in our *Camper Handbook*.

## 2022 Registration FAQ

Register by Phone: Call Camp office at 712-224-2267  
Register Online: Complete camper information at [www.camphighhopes.com](http://www.camphighhopes.com)

### **I have Respite Waiver; do I need to pay the deposit too? Is there information I need to know?**

Yes, all campers must make a deposit to enroll in a session, even if covered by their Respite Waiver. Once payment is received from waiver funds, about a month after camp, the deposit is held for use on future sessions or may be refunded upon request from the family. You must contact your MCO or caseworker in order to add the session to your plan and notify the camp when you receive approval for the camp to verify. All campers must have pre-approval confirmed by the camp with the MCO prior to camp attendance. Post-session approvals cannot be accepted, and camper may be responsible for the cost of any sessions not receiving pre-approval. Please see table on respite waiver addendum for Iowa and Nebraska information. South Dakota service recipients are permitted to use their funds to directly pay for camp sessions. Contact your case worker for more details.

### **What happens after I register? Does this mean I can come to camp?**

Before you attend camp, we do need a few more items. After you submit your registration and it is accepted, you will receive a confirmation letter. Once you receive this, you will need to complete our *Camper Health History Form* if you have not already, which is located on our website [www.camphighhopes.com](http://www.camphighhopes.com) but can be mailed or emailed to you. It may seem like a lot to get done, but all this information allows us to provide you with the best possible care when you come to camp and is required before you can attend. And, no, you do not have to complete these forms each season, most forms only need to be updated annually to keep our information current unless there are significant changes to your health, care needs, or medications. Our *Camper Handbook* is located on our website [www.camphighhopes.com](http://www.camphighhopes.com) as well or one can be mailed or emailed to you and should be used as a reference guide for any additional questions you may have.

### **How do you decide if someone is eligible to come to Camp?**

All applications are reviewed by the program and medical team. Individuals of any age that are living with a diagnosed disability, chronic illness, or medical condition are eligible to register for camp. Decisions are also based on the individual's inability to attend another camp, the severity of the individual's medical problems, and other pertinent factors. Please contact the Program Director or Assistant Program Director for more details.

### **About that campership, what is it?**

Camperships are similar to scholarships, allowing campers without personal resources or respite hours to attend camp. While our fee represents only 20% of our actual cost to attend camp, we understand that not all campers have resources to cover the remaining fee. To this end we offer Camperships to campers in need. If you mark that you need financial assistance on your registration form, you will receive a *Campership Form* either mailed or emailed to you to complete. Please submit this form with 2 letters of support, 1 from the family and 1 from a profession in your life who can confirm disability diagnosis, with both letters explaining the benefit of the Campership. Camperships can only cover two-thirds of the camp fee and cannot cover the deposit or added services, such as early and late departure for day camp.

### **What if I have more questions?**

If you have more question, please contact the Program Director or Assistant Program Director at 712-224-2267, they will be more than happy to answer your questions.
